Dear Parents/families,

We are beginning to make plans for our next school year. Please complete this brief survey so we can determine how to best support your student as we begin to create class lists and schedules for 2022/2023. World Language is included in this form for next year's 7th and 8th grade students.

If you have more than one student in our school, complete this form for every one of your students.

- As the weather hopefully starts to warm up, please remind students to bring a refillable water bottle to school everyday. Students do go outside for breaks most days, and we want them to stay hydrated throughout the day.
- 8th Grade families should follow [this link](#) for information regarding special events for this class.

Notes from the Nurse

NH DHHS guidelines for COVID testing have not changed. This means that if your student is having any of the following symptoms (congestion, cough, sore throat, headache, body aches, fever), then a negative Covid test is necessary prior to sending them to school. Although there are other viruses circulating around causing the common cold and the flu, and we are seeing less positive Covid cases, DHHS has not relaxed the requirement for Covid testing. If your child is having any of these symptoms, please keep them home, do a Covid test and provide me with the results prior to them being cleared to return to school. I still have a supply of rapid tests that I am happy to share with you if you do not have tests at home. If your child tests negative, they may return to school when their symptoms are resolved or significantly improved. Please help us to keep our school community healthy!

For the second year in a row, the New Hampshire Department of Education is partnering with New Hampshire camps and school-age summer programs across the state to offer students the unique opportunity to move beyond COVID-19 and be a kid again. Students of all ages, backgrounds and abilities benefit from exposure to short-term summer enrichment programs, including in the areas of challenge, friend-making, positivity, and emotional safety. These are all things that New Hampshire camps and school-age programs do best.
